

A rare opportunity to acquire nature's unique heating solution.

Tulikivi makes the most efficient, cleanest-burning fireplaces in the world, which in view of today's energy costs, is priceless. Every fireplace is built with heat-retaining Finnish soapstone, creating healthy, radiant heat. Heating the Tulikivi way is environmentally sound, which means that while you're relaxing in comforting warmth, you're also helping to care for the planet. These models will be available at a special promotional price. The Tulikivi you choose will last forever, but this promotion won't. Contact your local Distributor for more information at tulikivi.com

According to eminent allergy specialists, wood-burning fireplaces release dust particles during the combustion process. The combustion method of Tulikivi wood-burning fireplaces, however, with their whirl chamber is ingenious and very well thought-out. The experts from the 'Allergy and Asthma Federation' in Finland has certified Tulikivi as a safe product when considering allergies and praised the good heat distribution of these masonry heaters.
